

SAFE PLACE TO PLAY

501(C)(3) NONPROFIT · SPTP

Every public space,
a safe place to play.

At Safe Place to Play, our mission is to enhance the safety and security of public recreational spaces by providing video surveillance and CCTV solutions. We are dedicated to creating environments where individuals of all ages—from toddlers to the elderly—can enjoy parks, playgrounds, and communal areas with confidence and peace of mind. By implementing modern security measures, we aim to deter crime, aid in crime prevention, and support efforts to resolve incidents effectively, fostering communities where everyone feels safe to play, relax, and connect.
